Article: 594871

Item description: Offering an essential barrier between your skin and the elements, ODLO has developed this ladies F-DRY t-shirt to ensure you are protected from the weather - without feeling weighed down. One of the lightest and quickest drying fabrics on the market, it's ideal for outdoor adventuring – offering important antibacterial properties that reduce odour build-up and +30 UV protection, an important feature for summer exploring. Inspired by the spirit of adventure, the F-DRY t-shirt has been constructed with a soft contoured collar and active raglan sleeves – improving freedom of movement, whilst the half zip collar can be adjusted to suit the temperature, too!

We hereby declare that above mentioned product has been produced in accordance with the following regulations and directives
