Item description: When the days get longer, being able to take your training outdoors is always exciting. The ODLO Women's CERAMICOOL Singlet will help keep you cool and comfortable as you set your sights on new personal bests. Not only does it feel fantastic to wear, ODLO's high quality CERAMICOOL Dots fabric can keep you skin up to 1°C cooler as you work out. CERAMICOOL ventilation mesh in the back of the CERAMICOOL Singlet helps with thermoregulation, whilst ODLO Effect silver ions combat sweat odour. You can listen to your favourite music thanks to the handy earphone loops included, and the reflective detailing means you're much easier to spot in the evening. There's nothing better than getting outside for some summer running. Why not match the experience with the quality of ODLO's CERAMICOOL Baselayer Singlet?
