Article: 312612 - BL TOP Crew neck s/s Ceramicool

Item description: Gear up for summer running with this ultra light and fast-drying men's CERAMICOOOL tee featuring ODLO's pioneering skin cooling technology. Originally developed for athletes competing in extreme temperatures, this technical crew neck tee utilises pioneering CERAMICOOOL Dots technology that fuses heat dissipating ceramics into the fabric's fibres, helping to cool the skin by up to 1°C – perfect for when you're giving it everything in sultry summer conditions. Cranking up the cooling even further, this tech tee has CERAMICOOOL ventilation mesh on the back for maximum heat and moisture dissipation. Meanwhile, ODLO's Effect tech provides permanent antibacterial protection from sweaty odours, leaving you feeling fresher and always ready for another lap. Finally, the reflective earphone loop helps you stay connected while keeping you more visible in low light conditions. Don't let heatwaves slow you down this summer – keep your performance on point with CERAMICOOOL.
